

Промышленные
Холодильные
Системы

Product No.

Product Model

QXRC17S-2P-CuNi

Manufacturing Date

年 月

Net Weight

38 KG

Heat Exchange Area

3.5 M²

Baffle Space

/ mm

Vessel Type

Product Standard

NB/T47012-2020

Product Code

shell and tube condenser

Tube Pass

Shell Pass

Design Pressure

1.0

3.2 Mpa

Withstand Test Pressure

1.15

3.68 Mpa

Highest Working Pressure

≤1.0

≤3.2 Mpa

Design Temperature

60

60 °C

Medium

seawater

R134A/R404A/R407C/R507

Main Material

BFel0-1

20

Manufacturing License Level

D

Manufacturing License No. TS2242128-2026

Registration NO.
